Asia Pacific International College acknowledges Aboriginal and Torres Strait Islander Peoples as the Traditional Custodians of the country. We acknowledge and pay our respects to the Elders, past, present and emerging of all Aboriginal and Torres Strait Islander peoples.

APIC - Levelling Up

Thank you for considering studying at Asia Pacific International College (APIC).

At APIC, we aim to meet the needs and aspirations of students from all walks of life and all around the world. APIC courses are designed for those who want to acquire professional and personal skills and advance in their careers in the most in-demand areas of IT, Business, and Project Management.

APIC's curriculum is underpinned by core professional competencies needed in professional and ethical behaviour and communication. We believe that in a world that is always changing, it is important to get an education that helps you be creative, innovative and flexible.

What you learn at APIC will set you up for career success and advance your critical thinking, problem solving and communication skills that are vital in any workplace globally.

Thank you for considering APIC. We are here to support you every step of the way with academic and learning support, expert instructors, and employability tools.

Benefits of Studying at APIC - invest in your future

Why should you study at APIC? We empowers students to discover, grow, and achieve, while preparing you to succeed in the world of work.

We aim to nurture critical thinkers and collaborative problem solvers, preparing our students to lead and shape a dynamic future. At APIC, you will learn to be self-driven, professional, confident, and competent.

Our Programs Are:

Accredited

Programs are reviewed and accredited by the Australian national regulator (TEQSA). APIC is formally registered by the Australian Government to provide higher education award courses to students.

Industry-Relevant and Endorsed

APIC courses are reviewed by industry experts and experienced senior academics to ensure we continue to teach best practice and remain relevant to emerging business and organisational trends.

Academic Excellence

At APIC we pride ourselves on the academic rigour of our courses. Students learn from highly qualified academic staff and industry experts.

Affordable

At APIC, we believe that high quality education should be affordable. We offer FEE HELP for eligible domestic students, and a variety of scholarships and payment plans for international students.

Experiential and Reflective Learning

Develop critical thinking through real life projects, and industry relevant case studies.

Student Support Services and Facilities

Our Student Services Team

APIC is proud of its friendly and supportive Student Services team who offer a great service and experience to all students. Student Services offer day-to-day administrative support to our students, as well as handling enrolment, timetable, important dates, and COE queries and extensions. They also provide help with submitting forms and other applications.

Academic Enhancement

APIC provides a range of face-to-face and online academic support services to help our students successfully progress in their studies. Our learning advisors assist our students in developing academic, research and professional skills, in and out of the classroom, in-person and online via the APIC Online Learning System (OLS), live chat, telephone, and Teams.

Academic Consultation

The College aims to provide the best quality education to all students to set them on the path to success. All students are able to see their lecturers and tutors on a regular basis, and to make appointments for additional consultation and assistance.

Course Advice

If you are not sure which course or program suits your needs and aspirations, please contact our course advisory service to arrange a free confidential consultation. Our advisors can provide you with information to help you decide on the study pathway that best suits you.

For undergraduate courses: www.apicollege.edu.au/courses/undergraduate/

For postgraduate courses: www.apicollege.edu.au/courses/postgraduate/

Accommodation Services and Assistance with Living in Australia

2Stay Accommodation is a service that works with accommodation providers to meet the accommodation needs of students who have newly arrived in Australia. APIC students can access the service through contacting 2Stay Accommodation directly. Please visit <https://2stay.com.au/> for more information.

2Stay Accommodation can also assist you with the following:

- Arranging airport pick-ups and drop-offs (fees apply)
- General advice about living in Australia

Counselling Services

APIC offers a free counselling service to students. Students are able to telephone the counselling service with their experience, problems or concerns and they will be supported with further counselling by telephone, online or in person as appropriate. The counselling service provides support for students who are experiencing difficulties such as stress and anxiety, relationship issues, financial problems, feeling unable to cope and also covers support for victims of sexual harassment and sexual assault. The counsellor is there to listen and provide support which could include referral or appropriate information.

The counselling service is completely confidential unless the student agrees to release information to other services such as health services. <https://apiccollege.edu.au/future-students/student-support-services/>

Disability Services

APIC's campuses are accessible to students with disabilities. The College provides reasonable adjustments for students with disabilities. <https://apiccollege.edu.au/future-students/student-support-services/>

Integrated Online Learning System (Canvas)

APIC provides an integrated Online Learning System, through which students can communicate and collaborate with each other, access course materials and resources, and interact with their teacher. Main features are the collaboration tools for the team-based assignments, built-in calendar, assignment submission tools and user-friendly interface. The Student App provides easy access to all your learning materials and communication with your lecturers.

Library and Learning Space

APIC has physical libraries on the Sydney and Melbourne campuses with comfortable and welcoming areas for studying. APIC also provides access to a comprehensive online library of journals and scholarly work required for studies.

Campus Facilities

APIC campuses provide students with communal and social areas, libraries with quiet study areas (In Sydney and Melbourne), modern computer labs and an unlimited high speed wireless internet service.

Health Care and Insurance

International students are required to have Overseas Health Cover (OSHC) during their stay in Australia. APIC assists students with information about registered OSHC providers. Alternatively, students can visit the Department of Health website (www.health.gov.au) for information.

Working While You Study

International students can work up to 48 hours per fortnight on a casual basis during course time. For more information please visit <https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500/temporary-relaxation-of-working-hours-for-student-visa-holders>

Tuition Protection

APIC tuition fees for International students are covered by the Australian Government's Tuition Protection Service (TPS). The TPS is an initiative of the Australian Government to protect international students where education providers are unable to fully deliver their course of study.

Blended Learning

Each unit of study has a dedicated online space within the APIC Online Learning System to complement the on-campus learning experience, with study materials and resources, discussion forums, and assignment submission dropbox.

Our Campuses

Asia Pacific International College has campuses in Sydney, Melbourne and Brisbane, three of the most cosmopolitan and vibrant cities in Australia.

Living in Melbourne, Sydney or Brisbane

A World of Exciting Opportunities

Sydney is known for its beautiful harbour city setting and city precincts, including the Opera House, Darling Harbour and The Rocks. There is so much to see and do, but if you want to unwind and relax, Sydney is also home to Manly and Bondi beaches to name a few, and there are many parks and lakes to visit.

Melbourne is a food, coffee, shopping, and sporting mecca, with fantastic restaurants and cafes at your doorstep. The Melbourne calendar is full of major sporting and cultural events, including the Australian Open Tennis and Formula 1 Grand Prix. If you would like to get out of the city for a weekend, both Sydney and Melbourne provide wonderful options only a few hours' drive from city centres.

Brisbane is Australia's third most populous city and the capital of Queensland and has a sub-tropical climate with pleasant average temperatures all year round. Award-winning restaurants, fabulous rooftop bars, range of shopping opportunities, cultural experiences and exciting urban adventures are all in Brisbane.

More information can be found at

www.destinationnsw.com.au, www.visitvictoria.com and www.queensland.com

SYDNEY – Short breaks

- **Blue Mountains** – World Heritage site
- **Hunter Valley** – Vineyards, beautiful countryside
- **South Coast** – Aboriginal culture, whale watching, food and drink

MELBOURNE – Short breaks

- **Mornington Peninsula** – gardens, spas, wellbeing
- **Yarra Valley** – fresh produce and wines
- **Phillip Island** – penguins, wildlife

BRISBANE – Short breaks

- **Gold Coast** – holiday, surf, entertainment
- **Sunshine Coast** – coastal experiences, seafood, nature
- **Fraser Island** – sand dunes, rainforest, aquatic experiences

Studying and Living in Australia

For information on studying and living in Australia, visit www.studyinaustralia.gov.au. This comprehensive site includes everything you need to know about living in Sydney, Brisbane or Melbourne, including accommodation, working, health, and transport, as well as fantastic information about Australia's states and regions.

Study Australia provides useful information on Student Visa Living Costs:

<https://costofliving.studyaustralia.gov.au/>

Upon arrival, international students should have a minimum of AUD\$2,000, in addition to the monthly average, to cover the initial cost of a laptop computer and establishment expenses, such as rental bond payment and basic furniture items. Please note that students can bring up to the value of AUD\$10,000 into the country without any declaration. Any additional money over this amount must be declared to the Australian Border Force at the airport.

Course Information

APIC offers undergraduate courses of study specialising in the areas of Business, Information Technology, and postgraduate courses in Information Technology, Management, Business Administration and Project Management. For all course details, please visit: www.apicollege.edu.au/courses

Technology Requirements

Every student is expected to have a laptop computer and access to an internet connection for self-directed study and to complete online quizzes and other assessments.

Calendars and Fees

For the latest information on course fees and academic calendars, please visit:

Fees: <https://apicollege.edu.au/courses/fees/>

Calendar: <https://apicollege.edu.au/current-students/academic-calendar/>

Award of Credit

APIC has an approved policy regarding the awarding of credit and the recognition of prior learning (RPL). Candidates wishing to apply for credit and/or recognition of prior learning should refer to the information provided on the APIC website when preparing and submitting their applications. For further information see: apicollege.edu.au/courses/applying-for-rpl/

Assessment

Assessments are carefully designed to ensure that students are able to demonstrate that they have acquired the key unit learning outcomes. All units include at least three assessments.

Admission to Higher Education Diploma and Undergraduate Courses

The academic entry requirements for APIC courses are set out below according to the Australian Qualifications Framework (AQF) level of the undergraduate course.

Where English is not an applicant's first language, or where the qualifications are from institutions where the delivery of the program was not in English, applicants are required to demonstrate their proficiency in English by achieving the English entry level in an internationally recognised English Language examination as detailed for the relevant courses below (refer to English language requirements for undergraduate entry and English language requirements for postgraduate entry).

Applicants who do not meet APIC's English proficiency requirements can be made a conditional offer, with the requirement to complete an approved intensive English language course, and to meet the required standard prior to them commencing their APIC award course study.

Bachelor Degrees (AQF Level 7)

The following admission criteria apply to all applicants to courses at APIC that lead to the award of an AQF Level 7 qualification. Additional English language requirements for international students may be required for undergraduate entry.

Applicants must have successfully completed:

- Year 12 in Australia with a minimum ATAR of 65; OR
- a Certificate IV or higher, awarded by a recognised higher education/vocational; OR
- a General Certificate of Education Advanced Level (GCE A) with three or more C Grades; OR
- a Global Assessment Certificate with an average Grade of 65% or higher; OR
- an International Baccalaureate.

Diplomas (AQF Level 5)

The following admission criteria apply to all applicants to all courses at APIC that lead to the award of an AQF Level 5 qualification. Additional English language requirements for international students may be required for undergraduate entry.

Applicants must have successfully completed:

- Year 12 in Australia with a minimum ATAR of 55; OR
- the equivalent to an Australian Year 12 at a recognised overseas institution with an equivalent minimum ATAR of 55; OR
- a Certificate IV (AQF 4) or higher awarded by a recognised higher education/vocational institution; OR
- a General Certificate of Education Advanced Level (GCE A) with three or more D Grades; OR
- a Global Assessment Certificate with an average Grade of 55% or higher; OR
- an International Baccalaureate.

English language requirements for Undergraduate entry

All applicants from a non-English speaking background applying to any undergraduate course at APIC must satisfy the following additional English language requirements:

Applicants must have successfully completed:

- IELTS Academic: Overall band score of 6.0 or higher with no band below 5.5 in writing and speaking; OR
- IBT (Internet-based TOEFL): Overall score of 65 with a writing section minimum of 21 and speaking 18; OR
- Cambridge Certificate of Proficiency in English (CPE): Total score of 169 or over and with no band below 162 in writing and speaking; OR
- Cambridge Certificate of Advanced English (CAE): Total score of 169 or over and with no band below 162 in writing and speaking; OR
- PTE Academic Module with score over 50, with writing and speaking minimum of 42

Admission to Postgraduate Courses

The academic entry requirements for APIC courses are set out below according to the Australian Qualifications Framework (AQF) level of the postgraduate course.

Where English is not an applicant's first language, or where the qualifications are from institutions where the delivery of the program was not in English, applicants are required to demonstrate their proficiency in English by achieving the English entry level in an internationally recognised English Language examination as detailed for the relevant programs below (refer English language requirements for undergraduate entry and English language requirements for postgraduate entry).

Applicants who do not meet APIC's English proficiency requirements can be made a Conditional offer, with the requirements to complete an approved intensive English language course and to meet the required standard prior to their commencing their APIC award course study.

Postgraduate Masters Degrees (AQF Level 9)

The following admission criteria apply to all courses at APIC that lead to the award of an AQF Level 9 qualification. Additional English language requirements for international students are provided under English language requirements for postgraduate entry.

Applicants must have successfully completed a Bachelor Degree (AQF 7) or higher, awarded by a recognised university or higher education institution, in any discipline.

Graduate Diplomas and Graduate Certificates (AQF Level 8)

The following admission criteria apply to all courses at APIC that lead to the award of an AQF Level 8 qualification. Additional English language requirements for international students are provided under English language requirements for postgraduate entry.

Applicants must have:

- successfully completed a Bachelor Degree (AQF 7) or higher, awarded by a recognised university or higher education institution, in any discipline; OR
- successfully completed an Associate Degree or Advanced Diploma (AQF 6), awarded by a recognised university or higher education institution, in any discipline, AND
- have at least two-years full-time managerial and/or professional work experience in a related field; OR
- a minimum of three-years full-time managerial and/or professional work experience in a related field; OR
- a minimum of five-years full-time general work experience in a related field.

Applicants who do not meet the entry requirements for the Masters Degrees and who successfully complete a Graduate Diploma, will be eligible to progress to a Masters Degree.

English language requirements for postgraduate entry

All applicants from a non-English speaking background applying to any postgraduate course at APIC must satisfy the following additional English language requirements:

Applicants must have successfully completed:

- IELTS Academic: Overall band score 6.5 or higher, with no band below 6.0 in writing and speaking; OR
- IBT (Internet-based TOEFL): Overall score 79 with a writing section minimum of 21 and speaking 18; OR
- Cambridge Certificate of Proficiency in English (CPE): Overall score 180, writing and speaking 180; OR
- Cambridge Certificate of Advanced English (CAE): Overall 176 with a writing and speaking section minimum of 169; OR
- PTE Academic Module with score over 58 with a writing and speaking section minimum of 50.

Information Technology Courses

APIC's undergraduate and postgraduate information technology courses are designed to enable students to develop skills and knowledge that will allow them to enter the field of information technology. The courses provide a solid base in all the key foundational and important areas of IT, and provide the opportunity for students to specialise and develop deep knowledge within specific areas of information technology. Our IT courses have been designed to meet the current and growing skill shortages in IT, particularly in the areas of cyber security, and computer networking and security.

Bachelor of Information Technology (BIT) with Optional Specialisation in Computer Networks and Security

Bachelor of Information Technology (BIT) with Optional Specialisation in Computer Networks and Security

Duration  3 Years Full-Time 156 Weeks	Intake  Feb, Mar, Jun, Sept	Subjects  24	Location  SYD MEL BNE	Fees (Scholarships Available)  International: \$52,800.00 Domestic: \$45,600.00
--	--	--	--	--

The BIT is designed to develop skills and knowledge that will allow graduates to enter the field of information technology. The course provides a solid base in all of the key foundational and important areas of IT, and also provides the opportunity for students to specialise and develop deep knowledge within specific areas. Students may select advanced units covering key aspects of computer networks and security and graduate with a specialisation in this area.

Graduate Certificate in Information Technology (GCIT)

Duration  26 weeks	Intake  Feb, Mar, Jun, Sept	Subjects  3	Location  SYD MEL BNE	Fees (Scholarships Available)  International: \$14,400.00 Domestic: \$10,400.00
---	--	---	--	--

APIC’s GradCertIT has been designed as a solid entry base in key foundational areas of IT, and it is an opportunity for students to continue their studies within the APIC MIT so they can specialise and develop deeper knowledge within specific areas of IT.

The APIC Graduate Certificate in Information Technology (GradCertIT) permits entry from a broader range of applicants than the MIT and can potentially accept those that do not necessarily hold a fully recognised bachelor degree. This nested set can assist in elevating the shortage being experienced by organisations in recruiting qualified professionals in specific areas of IT.

Duration	Intake	Subjects	Location	Fees (Scholarships Available)
 2 Years Full-Time 104 Weeks	 Feb, Mar, Jun, Sept	 12	 SYD MEL BNE	 International: \$43,200.00 Domestic: \$31,200.00

The Master of Information Technology (MIT) is designed to enable those with a degree in non-IT areas to develop skills and knowledge that would allow them to enter the field of information technology. The aim of the MIT is to meet the current and growing skill shortage in IT, particularly in the areas of Cyber Security and Computer Networking. Students may select from advanced units covering key aspects of Cyber Security or Enterprise Networks and graduate with a specialisation in these areas. There are two electives in the MIT, one of which can be from a field other than IT. The course includes a Capstone Applied Project unit that ensures that competence in the application of skills and knowledge is demonstrated to current and/or prospective employers.

Graduate Diploma of Project Management (GradDipPM)

Duration  1 Year - 52 Weeks	Intake  Feb, Mar, Jun, Sept	Subjects  8	Location  SYD MEL BNE	Fees (Scholarships Available)  International: \$28,800.00 Domestic: \$20,800.00
---	--	---	--	--

The objective of the Graduate Diploma of Project Management is to develop students' and practitioners' skills and knowledge to take up roles in the planning, delivery of complex projects in a range of industry settings. The course embeds the concepts of sustainability as a dimension of managerial decisions and processes. Project managers will be using their professional skills to deliver projects that make the best use of resources, delivered on time and within budget, and while considering the environmental impact. The focus of the course is to study project management within a comprehensive framework. We apply an integrated project and business development approach that emphasises the delivery of the project business case and achievement of all three objectives: on time, within budget and environmentally friendly.

--	--	---	---	--

MPMB graduates will acquire knowledge and competencies of contemporary project and portfolio management, as well as leadership and high-level professional skills and attitude. The course focuses on the enhancement of specific professional capabilities, knowledge, and competencies, undertaken in a combination of coursework and research; and the acquisition of leadership and communication skills needed to lead and deliver complex projects. The emphasis is placed on the development of strategic and business expertise associated with projects and organisations. Another unique aspect of the course is its integrated approach to the management of projects, portfolios, and business ventures. MPMB candidates undertake research that immerses them in the application of the latest concepts and techniques, which provides them with fresh perspectives, values, and competencies to lead complex projects.

Graduate Certificate in Business Management (GradCertBus)

Duration  2 Trimesters Full-Time 35 Weeks	Intake  Feb, Mar, Jun, Sept	Subjects  4	Location  SYD MEL BNE	Fees (Scholarships Available)  International: \$14,400.00 Domestic: \$10,400.00
--	--	--	---	--

The Graduate Certificate in Business Management is designed to equip graduates with broad management skills and is designed for entry-level managers and those seeking appointment to those roles. The disciplines include business ethics, accounting, leadership, and information management. All studies are focused on projects in the selected industry contexts to re-enforce the practical nature of the course. The main purpose of the course is to build students skills, knowledge and the application of those skills as career enhancement attributes. Sustainability and ethical behaviours are foundational underpinnings for managerial decisions and actions. Completion of this course allows students to progress to the Master of Business Administration course.

Graduate Diploma of Business Management (GradDipBus)

Duration  1 Year Full-Time 52 Weeks	Intake  Feb, Mar, Jun, Sept	Subjects  8	Location  SYD MEL BNE	Fees (Scholarships Available)  International: \$28,800.00 Domestic: \$20,800.00
--	--	--	---	--

The Graduate Diploma of Business Management is designed to broaden the skill base of students to the skills and knowledge they have gained in earlier studies or business experience. In addition to skills and knowledge in business ethics, accounting, leadership, and information management students add marketing to their skill set while at the same time deepening their exposure to additional dimensions of management and leadership. Students are also introduced to standard research methodologies and data analysis skills to assist them in their studies and in their broader business career managerial decisions and processes.

Bachelor of Business Information Systems

APIC's Bachelor of Business Information Systems course was designed after extensive research and consultation with industry to ensure that graduates of the course are well equipped to meet the requirements of the industry. As part of the process, the College held dialogue with a wide variety of individuals and business leaders, leading academics and professional bodies. The course was structured to lay the foundation for students to develop analytical and technical skills essential in the emerging global economy in an era of transnational mobility. Our aim is to give graduates expertise to play a key role in defining the information needs of the future and shaping information systems that underpin organisational and individual performance, and facilitate performance in the global economy.

Bachelor of Business Information System

Duration  1 Year Full-Time	Intake  Feb, Mar, Jun, Oct	Subjects  8	Location  SYD MEL BNE	Fees (Scholarships Available)  International: \$52,800.00 Domestic: \$45,600.00
--	---	---	---	--

Globally today, there is an acute shortage of qualified business information systems professionals. As more and more software production is outsourced to countries with lower labor costs, the employment prospects are for those who can define, design, acquire and implement information systems at enterprise and global levels, utilising solutions that span both business and information technologies. Successful graduates must possess broad skill sets and have a strategic view of information systems as a key enabler of business efficiency and success.

How to Apply

Prepare your Documentation

Once you have selected your course, click on Entry Requirements to find out which documents you need to supply.

Accept your Letter of Offer

If your application is successful, you will receive a Letter of Offer which will include all the relevant information you need to know about your course of study. Once you accept the Letter of Offer, a deposit will be required. You will then receive an electronic Confirmation of Enrolment (eCoE).

(International Students only) Prepare to travel!

Once your visa has been granted, you can book your flights and research accommodation. APIC can offer assistance with accommodation and airport pickup through our partner organisation 2Stay: 2stay.com.au. Please contact us if you would like us to assist you with your accommodation in Australia.

Choose your course

Visit apicollege.edu.au/courses to view all of the courses offered at Asia Pacific International College. Academic calendars and fees are also detailed here.

Apply Online

To apply online please go to apply.eca.edu.au and complete the information required.

(International Students only) Apply for your visa

International students must apply for a student visa from their host country before arriving in Australia. For further information, please visit homeaffairs.gov.au/
