

UNIVERSITY OF  
**CANBERRA**

| SYDNEY HILLS

**BACHELOR OF NURSING**

# Celebrate differences, embrace similarities, and find purpose in caring for others

Committed to your development of clinically current knowledge and skills, you'll learn in contemporary and innovative technological environments and gain hands-on experience in leading hospitals, healthcare centres and private practices across NSW and beyond.

Nurtured throughout your studies, you'll graduate as a competent, ethical and reflective clinician, ready to promote change, deliver better health outcomes and give back to your community.
