

This form is for international onshore students only (excluding exchange and study abroad students).

This form should be completed by all international students who may require a release to transfer from Victoria University (VU) to another provider. Please read the release information about [transferring to a new provider](#) to ensure you are aware of eligibility criteria and the details regarding supporting documentation. All claims are assessed in accordance with the VU International Student Transfer [Policy and Procedure](#).

What is a release?

A release is required where a student has not completed six (6) calendar months of their principal course. The principal course is defined as the qualification course in a package of courses at VU. VU will grant the transfer request when the transfer to another registered provider is in the overseas student's best interests, including but not limited to where VU has assessed that:

- a) the international student will be reported because they are unable to achieve satisfactory course progress at the level they are studying, even after completing VU's intervention strategy (Academic Progress Regulations 2016, Academic Progress - Academic Progress Procedure (HE) and VET Overseas Student Progress Review Procedure) to assist the international student in accordance with Standard 8 (Overseas student visa requirements); or,
- b) there is sufficient and verified evidence of compassionate or compelling circumstances; or,
- c) VU fails to deliver the course as outlined in the Letter of Offer; or,
- d) there is evidence that the international student's reasonable expectations about their current course are not being met; or,
- e) there is evidence that the international student was misled by VU or an education or migration agent regarding VU or its course and the course is therefore unsuitable to their needs and/or study objectives; or,
- f) an appeal (internal or external) on another matter results in a decision or recommendation to release the international student; or,
- g) the international student has a government sponsor and the government sponsor considers the change to be in the best interests of the student and the government sponsor has provided written support for that change.

Supporting documents

All applications must be accompanied by:

- New offer letter from the receiving provider.
- Personal statement outlining the reason for release and why moving to a new provider would change your current situation relevant to the release claim you are making.
- Relevant official supporting documents, such as detailed medical certificate, counsellor's letter, death certificate, visa refusal notice etc. Personal statements from friends or relatives are not accepted.
- If you are sponsored, letter of approval from the sponsor.

Please note: The submission of a release request does not prevent you from enrolling at the time specified by VU or maintaining adequate course attendance, thus meeting visa conditions. VU will report students who do not enrol and/or attend; this may have implications for your student visa status. This means you must enrol or remain enrolled, attend classes, submit assignments and participate in class/group activities until the application has been approved.
